WHAT WE DO.

We provide integrated technology and Dealer Services to Food Service and Specialty Retail industries. Our ongoing goal is to improve efficiency and efficacy for the Merchant while providing cost-effective POS technology, marketing, loyalty, and payment services to our clients with a personalized consultation and a turn-key point of sale solution. We offer a software suite that customizes solutions for a wide array of restaurants and retailers, from independent locations to national chains. Our focus is on helping our clients create meaningful relationships and providing genuine customer service.

VIRTUALLY, THE BEST THING SINCE SLICED BREAD

Take the pain out of Take-Out with Online Ordering.

Diversify your revenue streams and give your customers the flexibility to order online at their convenience. You'll open your operations to accept more orders, gain (and retain) loyal customers, and increase sales.

- Easily Update Your Menu Offerings
- Keep Branding Consistent
- Enjoy Seamless Omnichannel Integration

Online ordering is a must-have feature and Revel Go is our low-cost, standalone online ordering solution that will take your orders to a new level. Our team can configure online ordering for you in days, no matter which POS you use.

“ 67% of customers who have placed an order online will visit the restaurant more frequently versus those who have not. ”

EXPAND, CONNECT AND DELIVER

Offer your customers a taste of your restaurant right to their table.

Expand your business with delivery management tools that enable you to accept, manage, optimize, and track delivery orders from your POS.

Optimize Your Operations from Door to Door and take your delivery offerings to the next level. A single dashboard helps you easily assign orders, estimate delivery times, and track drivers on the road as they fulfill each delivery.

With an in-house delivery solution integrated directly with your POS, you'll retain full profits on every order, control the customer experience from start to finish, and aggregate all of your order data to a central console.

Stay in contact with your customers throughout the delivery process and communicate directly through email or SMS using your kitchen display system (KDS). Manage expectations and kick your customer service up with order updates and expected arrival times. Enhance your operations by reaching diners outside of your dining room with a fully-branded delivery experience.

PAYMENTS

You have the power to Choose!

Core Processing Platform

Selling, shopping, dining, paying... it can all happen, anywhere and at any time, in just a matter of taps on a phone or tablet. Bigeye POS integrates payments using the most advanced and secure platforms available.

- **Interchange Pass Through Program** - Pricing Program where we allow the actual cost of processing to be passed directly to your business. Pricing available upon Request
- **Non-Cash Adjustment Program** (90% of your Processing cost gone) - A discount program that encourages your customers to pay by cash or gift card. A small service charge (either a fixed or percentage amount) is applied to all credit and debit card sales. A discount is automatically applied when customers pay with cash or gift card.
