WHAT WE DO.

We provide integrated technology and Dealer Services to Food Service and Specialty Retail industries. Our ongoing goal is to improve efficiency and efficacy for the Merchant while providing cost-effective POS technology, marketing, loyalty, and payment services to our clients with a personalized consultation and a turn-key point of sale solution. We offer a software suite that customizes solutions for a wide array of restaurants and retailers, from independent locations to national chains. Our focus is on helping our clients create meaningful relationships and providing genuine customer service.

A SUPERIOR DINING EXPERIENCE FOR ANY MEAL

Turn Table Faster While Enhancing Service

Whether you're implementing your first Point of Sale or upgrading from an existing one, Revel's POS provides precise control and maximum functionality for any table service restaurant. Manage your entire operation, including menus, inventory, employees, and customer relationships, more efficiently than ever from a single Management Console.

Maintain Total Control of Your Menu Options

Easily manage menus with simplified import and export functionality and make menu changes across all establishments on the fly. With ingredient-level inventory tracking, modifiers no longer create surprise overhead.

Identify What's Working and What Needs Attention

Understand how all of the moving parts of your business impact the bottom line with Revel's Intelligent Reporting. From transactions to sales to labor, get up-to-the-minute reporting to optimize your business in the moment.

Perfect Accuracy with Better Internal Communication

Ensure the right food is delivered timely and accurately to drive down costs and improve customer satisfaction. With Mobile Order Takers and Kitchen Display Screens, your team can reduce service errors and slowdowns.

“ We are easily saving anywhere between 10-20% on wastage thanks to Revel's reporting. ”

- Attila Yilmaz, Founder, Pazar Food Collective

Designed to meet the needs of every business size, Revel POS for table service restaurants provides restaurant owners and operators the tools you need to enhance the customer experience and make managing your restaurant easier.

VIRTUALLY, THE BEST THING SINCE SLICED BREAD

Take the pain out of Take-Out with Online Ordering.

Diversify your revenue streams and give your customers the flexibility to order online at their convenience. You'll open your operations to accept more orders, gain (and retain) loyal customers, and increase sales.

- Easily Update Your Menu Offerings
- Keep Branding Consistent
- Enjoy Seamless Omnichannel Integration

Online ordering is a must-have feature and Revel Go is our low-cost, standalone online ordering solution that will take your orders to a new level. Our team can configure online ordering for you in days, no matter which POS you use.

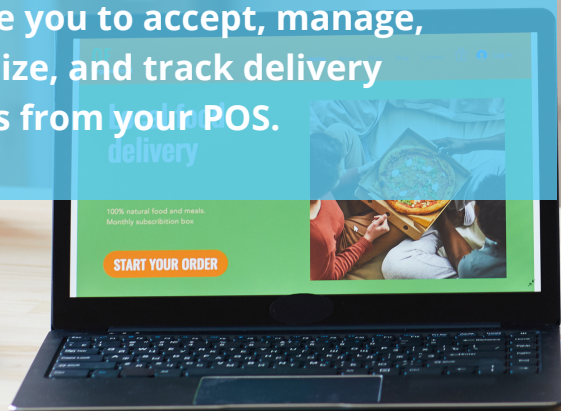

“67% of customers who have placed an order online will visit the restaurant more frequently versus those who have not.”
- PMQ

EXPAND, CONNECT AND DELIVER

Offer your customers a taste of your restaurant right to their table.

Expand your business with delivery management tools that enable you to accept, manage, optimize, and track delivery orders from your POS.

Optimize Your Operations from Door to Door and take your delivery offerings to the next level. A single dashboard helps you easily assign orders, estimate delivery times, and track drivers on the road as they fulfill each delivery.

With an in-house delivery solution integrated directly with your POS, you'll retain full profits on every order, control the customer experience from start to finish, and aggregate all of your order data to a central console.

Stay in contact with your customers throughout the delivery process and communicate directly through email or SMS using your kitchen display system (KDS). Manage expectations and kick your customer service up with order updates and expected arrival times. Enhance your operations by reaching diners outside of your dining room with a fully-branded delivery experience.

“With Delivery XT you can enhance your operations by reaching diners outside of your dining room with a fully-branded delivery experience”

KEEP YOUR CUSTOMERS COMING BACK

Loyalty Programs Drive Ongoing Revenue Growth

A background image of a cafe or coffee shop with several people. A blue semi-transparent box is overlaid on the left side of the image, containing white text.

Customers look for businesses that stand out from the crowd, and deploying a loyalty program can help your business gain the competitive edge it needs. Boost sales and keep your customers engaged beyond the walls of your establishment with integrated loyalty rewards that can be used across any channel.

Gain Insight into Loyalty Program Usage

Monitor activity and identify what percent of sales come from your Loyalty Program. Learn how many, and how often, rewards are redeemed and the impact on customer retention.

Implement Custom Rewards to Drive Traffic

Create a rewards program that offers dollars off or points earned towards a goal to incentivize your customers. Identify the ideal offer to maximize repeat customers and revenue growth.

Keep it Convenient and On Brand

Simplify engagement by going cardless, enabling customers to participate just by using their phone number—all while ensuring your brand identity is never compromised.

“Loyalty programs are proven to increase customer lifetime value by up to 30% or more by increasing visit frequency, increasing spend per visit, and winning back lost customers”

- Forbes.com

When integrated with your CRM, Revel's Loyalty Program can help your business build a stronger relationship with your customers—keeping the traffic flowing based on their preferences and their needs, ultimately increasing their lifetime value to your business. Take advantage of our Loyalty partners!

GIVE THE GIFT OF YOUR BUSINESS

Add Revenue with Gift Cards

Turn your loyal customers into ambassadors and bring in new business with gift cards. Add gift cards to your inventory and provide your customers a seamless experience. With Revel's platform, easily set up up gift cards for seamless gift card purchasing, activation and redemption.

Spread the Word, Share the Love

Enable your customers to share your business with friends and family. Loyal customers are your best advocates; empower them to refer new business through gift cards.

Integrate Gift Card Transactions

Fully integrate your gift cards into your business for smooth transactions. Track gift card sales and redemptions for a full picture of your sales and revenue.

Boost Revenue with Gifts

Increase revenue with gift cards -both on gifted cards and additional spend. On average, more than 70% of shoppers spend more than the value of their gift card!

We set up gift cards across our stores, and we could push any needed changes in just a few minutes. It's so easy and our gift cards work from one location to the other. On our other system, this would take days of computer work.

-Rosemary Diaz, Owner | Xochimex Cantina

Empower your customers to give gift cards and spread the word about your business. Both physical or digital cards introduce new customers to your business and encourage new waves of loyal customers.

MOBILIZE BUSINESS WITH MOBILE ORDER TAKERS

Enhance Your Customer Experience and Boost Sales

Take orders anywhere in your establishment, from your food truck, or pop up shop! Confidently process transactions anywhere your customers are.

“With the capabilities of Revel and the Mobile Order Takers, we're able to serve our customers quickly and keep them engaged along the way. Wait times have been cut to half.”

- Natasha Palit, Business Optimization Manager, Chobani

Sell on the go, speed up the order process, and engage your customers with Revel's Mobile Order Takers. Equip your staff with Mobile Order Takers and enable sales anywhere.

INCREASE SERVICE SPEED AND CUT LONG LINES

Engage Customers with Self-Service Kiosks

Give your business the competitive edge with Revel's self-service Kiosk POS. Enable customers to place their own orders on Revel's intuitive Kiosk interface and speed through rushes without breaking a sweat or sacrificing the customer experience. With orders sent directly to the kitchen for production, you're bound to delight customers with prompt service.

Minimize Communication Errors

Improve order accuracy and reduce food waste with an easy-to-navigate menu view that gives customers the ability to quickly customize their order to desired specifications.

Maximize the Value of Your Workforce

Enhance your operations by leveraging more employees to carry out high-value tasks like production and reduce your order taking staff without slowing down the line.

Keep Customers Coming Back

Integrate your CRM and loyalty programs seamlessly into your Kiosk so customers can earn rewards, quickly view their order history, and easily reorder their favorites.

“*The self-service Kiosk is like having three extra employees. During busy lunch rushes it speeds up processing time by about 40%.*”

- Catherine Heaney,
Owner, CHAR Burger

Revel's self-service Kiosk helps your business focus on today's changing requirements of the customer experience, helping you continuously maximize the lifetime value of customers and employees alike.
