WHAT WE DO.

We provide integrated technology and Dealer Services to Food Service and Specialty Retail industries. Our ongoing goal is to improve efficiency and efficacy for the Merchant while providing cost-effective POS technology, marketing, loyalty, and payment services to our clients with a personalized consultation and a turn-key point of sale solution. We offer a software suite that customizes solutions for a wide array of restaurants and retailers, from independent locations to national chains. Our focus is on helping our clients create meaningful relationships and providing genuine customer service.

RICH FLEXIBILITY AND CAPABILITY FOR ALL RETAIL

A True Business Management Platform

Whether you're implementing your first Point of Sale or upgrading from an existing one, Revel's POS platform provides precise control and maximum functionality for any retail establishment. Manage your entire operation, including inventory, employees, and customer relationships, more efficiently than ever from a single Management Console.

Track and Manage Your Entire Inventory Catalog

Control your most important asset with ease across multiple locations and eCommerce channels. Identify your top sellers with Intelligent Reporting and get alerted when inventory falls below a specified threshold.

Keep Your Most Valuable Customers Engaged

Maximize each customer's lifetime value with integrated Customer Relationship Management, gift cards, and loyalty programs so you can better identify who your best clients are and provide what they desire.

Simplify Your Employee Training and Management

Save countless hours with an easy to use POS that doesn't require extensive training. With Revel's Management Console, schedule employees, set commissions, and even integrate payroll for easy processing.

“Revel has helped me better manage my time and made me more efficient, because the Management Console lets me control my critical operations from anywhere. I don't have to stress about not being able to take action until I'm back in the office.”

-Cary Kelly, Owner, The Cookery

Designed to meet the needs of every business size, Revel's POS platform for retail provides owners and operators the tools needed to enhance the customer experience and make managing your business easier.

DELIGHT AND ENGAGE YOUR CUSTOMERS

Streamline Checkouts with a CDS

Utilize a Customer Display System (CDS) to improve customer checkout interactions and increase transparency. Integrate a Customer Display into your Revel System platform to enable your customers to engage throughout the checkout process, improve accuracy, and boost customer satisfaction.

- Empower Your Customers
- Increase Checkout Accuracy
- Create a Branded Experience

Take advantage of Big Eye POS Technology's loyalty partners. Fully integrated with your Revel system, your business can streamline the checkout process and inform customers of the loyalty program's perks with a Customer Display System.

“ The speed of service with the system is incredible. The forward facing register system is great. It cuts out mistakes, it gives them that feel good that their order is right. ”

- Buzzy Sklar | Sliderz

VIRTUALLY, THE BEST THING SINCE SLICED BREAD

Take the pain out of ECommerce with your Integrated Online Store

Diversify your revenue streams and give your customers the flexibility to order online at their convenience. You'll open your operations to accept more orders, gain (and retain) loyal customers, and increase sales.

- Easily Update Your Products
- Keep Branding Consistent
- Enjoy Seamless Omnichannel Integration

Online ordering is a must-have feature and Revel Go is our low-cost, standalone online ordering solution that will take your orders to a new level. Our team can configure online ordering for you in days, no matter which POS you use.

“ 67% of customers who have placed an order online will visit the restaurant more frequently versus those who have not. ”
- PMQ

KEEP YOUR CUSTOMERS COMING BACK

Loyalty Programs Drive Ongoing Revenue Growth

Customers look for businesses that stand out from the crowd, and deploying a loyalty program can help your business gain the competitive edge it needs. Boost sales and keep your customers engaged beyond the walls of your establishment with integrated loyalty rewards that can be used across any channel.

Gain Insight into Loyalty Program Usage

Monitor activity and identify what percent of sales come from your Loyalty Program. Learn how many, and how often, rewards are redeemed and the impact on customer retention.

Implement Custom Rewards to Drive Traffic

Create a rewards program that offers dollars off or points earned towards a goal to incentivize your customers. Identify the ideal offer to maximize repeat customers and revenue growth.

Keep it Convenient and On Brand

Simplify engagement by going cardless, enabling customers to participate just by using their phone number—all while ensuring your brand identity is never compromised.

“Loyalty programs are proven to increase customer lifetime value by up to 30% or more by increasing visit frequency, increasing spend per visit, and winning back lost customers”

- Forbes.com

When integrated with your CRM, Revel's Loyalty Program can help your business build a stronger relationship with your customers—keeping the traffic flowing based on their preferences and their needs, ultimately increasing their lifetime value to your business. Take advantage of our Loyalty partners!

GIVE THE GIFT OF YOUR BUSINESS

Add Revenue with Gift Cards

Turn your loyal customers into ambassadors and bring in new business with gift cards. Add gift cards to your inventory and provide your customers a seamless experience. With Revel's platform, easily set up up gift cards for seamless gift card purchasing, activation and redemption.

Spread the Word, Share the Love

Enable your customers to share your business with friends and family. Loyal customers are your best advocates; empower them to refer new business through gift cards.

Integrate Gift Card Transactions

Fully integrate your gift cards into your business for smooth transactions. Track gift card sales and redemptions for a full picture of your sales and revenue.

Boost Revenue with Gifts

Increase revenue with gift cards -both on gifted cards and additional spend. On average, more than 70% of shoppers spend more than the value of their gift card!

We set up gift cards across our stores, and we could push any needed changes in just a few minutes. It's so easy and our gift cards work from one location to the other. On our other system, this would take days of computer work.

-Rosemary Diaz, Owner | Xochimex Cantina

Empower your customers to give gift cards and spread the word about your business. Both physical or digital cards introduce new customers to your business and encourage new waves of loyal customers.

MOBILIZE BUSINESS WITH MOBILE ORDER TAKERS
